## FINANCIAL AND COMMERCIAL.

MONDAY, NOV. 9-6 P. M. Business in Wall street opened this morning under the influence of that sober second thought which was wanting on Saturday, and prices for government securities, gold and rallway shares showed a decline escurities, gold and raliway shares showed a decline of about one per cent from those current at the close on Saturday; but subsequently the Treasury ring went to work again and from semi-oricial stock-jobbing reports were received from Washington, Mr. McCullooh apparently lending his influence in behalf of a Wall street clique to create the impression that the currency will be inflated, although he is well sware hast the law will not permit him to restore a dollar of currency to streulation that has hitherto been withdrawn from a Such a scandalous abuse of official position to aid speculative operations has never before been known, and after the many other evidences of Mr. McCalloch's complicity with stockjobbers that we have had it is high time that the President suspended him and ordered an investigation into the affairs of his department. It is stated, notwithstanding official contradictions, that the Treasury sold eight millions of five-twenties secretly early in the present month in order to embarrass the in the present month in order to embarrass the money market and depress government securities and other stocks, for the purpose of enabling the Treasury ring to buy cheaply, and as late as Friday last the Associated Press was made the vehicle for a semi-oficial despatch from Washington of a disouraging character, to the effect that the Secretary had no reserve which he could use for any purpose whatever excepting the small remaining sum f a third of a million. But on Saturday morning behold the change! The currency resources of the Treasury were suddenly magnified to an ex-tent which took Wall street by surprise and damaged those who had sent letters of inquiry upon the subject to Mr. McCulloch a few days previously and been informed by him in reply that he was entirely without power to relieve the money market and that the banks were to biame for the stringency, and not the Treasury, they having extended their loans on speculative stocks so far as to be unable afford any relief to the money market. But the purpose of the Treasury ring was served, and they, doubtless, with Mr. McColloch chuckled secretly over their triumph. It s needless, however, to say that such conduct as this is a fraud upon the public and a gross national reanial. It is reported that Mr. McCulloch has inthree per cent certificates recently redeemed; but this is a stretch of authority without warrant under the law. Nevertheless, if we admit it to be justifishie as a mere expedient, we fall to see how it can relieve the money market, if relief is necessary, because these certificates can only be used by the banks, and the banks, in order to obtain them, will have to buy them with currency or its equivalent.

The stock market was alternately strong and heavy during the day, and on the whole feverish, but it is inherently weak, prices being far above the range of real values, and the cliques are the sole support of the speculative stocks, which are selling in most instances at from double to fourfold their real value. Whether money is easy or stringent, therefore, these will have to decline heavily, and we warn the public against buying them and caution the banks against bending on them, for they are liable to fall away as rapidly as Milwaukee and St. Paul, the tumble in which within a few days was equal to afty per cent. The progress of demoralization has only been temporarily stayed by the stock jobbing Treasury canards from Washington, and before the present year expires there will be sad havoc in Wall street. We are entering upon a period of financial depression like that which Eng nd passed through prior to the resumption of specie payments, and prices must gradually tend nearer to specie values, and the bull cliques that ave been decoying the public into their snare for a long time past will be enguifed in ruin. Money was in good supply all day at seven per cent in currency to first class borrowers, with excep-tional transactions at this rate in gold to weak borrowers, but as the banks are remitting largely to the South and Southwest the money market will naturally work more active as the season advances,

The gold market opened at a decline of nearly one per cent from the closing price on Saturday, and the Suctuations were from 134 to 135, with the closing transactions prior to the adjournment of the board at three o'clock at 135 against 134% at the opening. Subsequently the price remained steady and the latest quotation on the street was 135 135 c. The advance was caused by fresh semiofficial stockjobbing despatches from Washington in the interest of the Treasury ring. These, it will be persetved, are sufficiently vague to commit the Secretary enough to influence the markets temporarily and they bear on their face evidence of the Wal street source from which they were inspired. Such discreditable efforts to turn the Treasury into a tockjobbing machine excite the utmost disgust, and the question is asked, why does the Presi-dent permit a man like Mr. McCulloch to remain at the head of the department? The supply of cash gold was superabundant and loans were made at rates varying from three to seven per cent for carrying. The Sub-Treasury disbursed \$596,250 in coin during the day in payment of interest on the public debt and received \$350,000 for customs duties. The gross clearings amounted to \$140,512,000, the gold balances to \$1,970,666 and the currency balances to \$2,737,883. The imports of specie last week at this port from foreign ports aggregated \$53,861, making a total of \$6,486,719 since the 1st of January.

A comparison of the last weekly statement of the associated banks of this city with that for the cor-responding week in each of the three previous years

At the commencement of business the stock market was heavy, at a decline of about one per cent from the closing prices of Saturday; but at the early session of the open board prices improved, New York Central solling at 122 and Eric at 39%. At the first regular board the market was active, but lower and very feverish, and on the call Eric closed a lower than at the same time on Saturday, Reading M. Michigan Southern M. Cleveland and Toledo 1 Rock Island %, Northwestern preferred %, Milwau-kee and St. Paul preferred %, Ohio and Mississippi 34, Tennessee sixes (new issue) 34, North Carolina sixes 34, do. new issue 34 and Missouri sixes 1, white New York Central was 34 higher, Pacific Mail 34, Quicksliver & and Western Union Telegraph &. Government securities were & a 1 per cent lower than at the close on Saturday. At the open board at one p'clock prices were slightly bigher in most instances At the second regular board the bulls engineered a further rise to some stocks for the purpose of seiling. New York Central closed % higher on the call than at the first regular board, Reading 1½, Michigan Southern 1, Cleveland and Toledo 1½, Rock Island 1½, Northwestern preferred 1, Fort Wayne 34, Milwaukee and St. Paul 234, do. preferred 434, Ohio and Missis-sippl 34, Pacific Mail 34, Tennessoe sixes, new issue, 34, North Carolina sixes 34 and Missouri sixes 1; while Erie was 34 lower and Western Union Tele graph 1/4. Government securities were 1/4 a 3/4 pe cent higher. At the open board at half-past three the market was dull and prices declined on the call.
Northwestern preferred selling at 83%, Cleveland and Pittaburg 84 and Michigan Southern 82%. Subsequently Eric declined to 33% and the whole market became weak and demoralized, New York Centra selving at 121%, and other stocks at a pro partionate decline; but just before the clos tendency is decidedly downward. The latest quote tions on the street at half-past five were as sub joined:-Pacific Mail, 118% a 119; Western Union 30% a 35%; New York Central 122% a 123%; Eric, \_-The wheat market was an ain characterized by great from

NEW 101

20% a 20%; Reading 20% a 27; Michigan Southern, 20% a 28; Pittsburg, 24 a 24%; Rock Island, 103% a 103%; Northwestern 25% a 23%; Northwestern preferred, 24% a 24%; Fort Wayne, 108% a 109; Ohio certificates, 20% a 20%; St. Pani, 70% a 12; St. Pani preferred, 22% a 22%.

The market for government securities opened very weak, and sales of the five-twenties of 1887 were made on the street before the first call at 160 against 110 on Saturday afternoon, but subsequently prices advanced under false reports that the Treasury was buying bonds and the receipt from Washington of a rehash of the semi-official stocklobing despatches of Friday, Saturday and Sunday last, each one contradicting the other more or less, but all designed to bull the market for gold, governments and rallway stocks in order that the Treasury ring might put money into their own pockets. Hence the feeling of indignation against Mr. McCulloch for using his official position to alternately bull and bear the markets in Wall street, by saying what he will or will not do, is very strong. At the close the market was decoping at the following quotations:—Registered, 1881, 113% a 112%; coupon, 1881, 114% a 114%; 5-20%, registered, 1862, 106 a 106%; 5-20%, coupon, 1882, 106 a 106%; do., 1865, 107 a 117%; do., 1865, 107% a 107%; do., 1865, 108%; do., 1865, 108%; do., 1868, 108%; do., 103%; do., coupon, 104% a 104%.

Messrs. Jay Cooke & Co.'s circular thus refers to the

Messrs. Jay Cooke & Co.'s circular thus refers to the day's business:—

Conflicting reports from Washington in regard to the ressue of greenbacks noted in ours of Saturday tended to disturb the government market early in the day and deterred operations until first board, when confidence was inspired by indications of ease in money. 67%, which were 109 a 109% before board, sold at 9% at the board. The market remained quiet, with slight fluctuations and moderate business until after the noon call, when large parchases of 67% were made, selling up to 110%, at which rate they went into the second board, and closed on the call at 110 a 110%, with sales at 10%. This movement in 67% strengthened the list, the advance being equal to % in 81% and consols, % in 62% and 10-46% and 1 per cent on 67%. Money has been in good demand all day, but was obtained easier than herotofore, until near three o'clock, when borrowers found it scarcer, but at no change in rate. The advance in bonds is attributed to a report that the Secretary is willing to exchange three per cent certificates far bonds, intended as a means of relieving the money market, but is of questionable benefit in fact. Wall street resolves itself into a "ways and means" committees and is divided in opinion as to ways and means to be employed and the beneficial results promised by any scheme yet presented. Time will show if anything can be done to give positive relief, but to expect it at once and from the means suggested good judgment warns us is impolitic.

The foreign exchange market was firmer than during the latter part of last week, and the leading drawers asked 109% for their sterling at sixty days, but the demand for bills was light, while the supply of produce bills was equally so. At the close bank-

but the demand for bills was light, while the supply of produce bills was equally so. At the close bankers' bills on London at sixty days were quoted at 109% a 109%; at three days, 109% a 110; commercial, 108% a 109. Bankers' bills on Paris at sixty days,

WHIBKEY.—Receipts, 5.4 bbs. An improved demand prevailed and the market was a shade firmer. Sales 400 bbs. Western at \$1 01 a 51 03, duty paid.

## NEW JERSEY INTELLIGENCE.

A BOY RILLED ON THE ERIS KALLROAD.—LASK evening a boy fourteen years of axe, son of an employe of the Eric Kallroad Company, was crossing the track at the end of the platform in the depot when he was caught between the platform of a car that was being backed down and the buffer at the termination of the track and crushed to death. The remains were conveyed to the residence of the boy's parents on Grove terrace.

THE LATE MR. WORKENDYKE .- The funeral corenonies of the late Jacob R. Wortendyke took place resterday afternoon in the Second Reformed et The pall bearers were A. O. Zaberis kie, John E. Randolph, Jacob Weart, W. B. Williams, A. A. Harden-bergh, Orestes cleveland, J. J. Vanderbeck and A. S. Whiton. The remains will be taken to Glouester this aftermoon for interment. Resolutions of condo-lence were passed at a meeting of the Hudson county

Bergen.

A BOY KILLED ON THE CENTRAL RAILROAD.— Michael Geary, a boy thirteen years old, was run over and killed on the Ceutral Railroad, near Bergen Point, on Saturday. A BOY DROWNED. -Charles G. Cook, a boy seven

and a half years old, went to Drakesville on Sunday afternoon and got into a boat to amuse himself, when he felt overboard and was drowned. No one was near to save him. The body was recovered yes-lerday morning. Newark.

THE GORMAN SHOOTING AFFAIR .- The Coroner's jury in the case of Thomas Gorman, who was fatally injured by a pistol shot from the hands of Michael Mooney about two weeks since, rendered a verdict to the effect that in its opinion Mooney is guilty of manslanghter. The latter was accordingly arrested, and after a short confinement liberated on \$2,000

THE NUGERT ALLEGED MURDER.-Pursuant to a requisition from Coroner warren, of Jersey City, John Baily, aged fifteen; Lawrence Baif, aged eighteen; James Gulick, aged eighteen and Peter Brennins, aged twenty, residents of this city, were arrested and taken to Hudson county yesterday to be examined on suspicion of being implicated in the alleged murder of the young man, Christopher Nugent, on the night of the democratic procession in Jersey City, the 27th ult.

ALLEGED NATURALIZATION FRAUDS .-- An examination into the case of Thomas King, arrested on elecnon day and since confined in the Essex County Jall, charged with using a fraudulent naturaliza-Jall, charged with using a fraudulent naturalization paper, was commenced yesterday before
united States Commissioner John Whitehead.
The principal complainant is Police Justice
Joan Mils. County Clerk Henry T. Dusenberry, Judge Herman Ise, of the Court of
Common Pleus, and Peter Bennett were examined as
winnesses for the prosecution. Their evidence went
to show that the paper used was a genuine instrument and bore the seal and signature of the court.
The examination was postponed the next Friday,
and the accused was liberated on ball to the amount
of \$500. Judge Samuel F. Bigelow took charge of
the prisoner's interests.

Morristown.

DROWNED .- Robert Erbenstein, a driver in the employ of a Newark ice company, twenty-two years of age, fell into Lake Hopateong, a few miles from here, on Saturday night, and was drowned. At last ac-counts the body had not been recovered.

Paterson. THE STEAM BOILER OWNERS of Paterson have nearly completed their arrangements to contest the legality of the law passed last year requiring lock safety valves on steam engines. The inspector-in-chief informs them that all will be prosecuted who refuse to comply with its requirements, and the boiler owners announce themselves as well prepared to contest it. A legal squabble is apparently inevit-able.

PEDESTRIANISM.—George Topley, the English champion, drew dute a large crowt to the racerson race course yesterday to witness his feat of walking eight times around the inside track within an hour for \$100 a side. The distance around is a little less than one make, showing the task to be one not so easy to accomplish, but which was completed in fifty-s ven minutes and thirty-five seconds. Several hundred dollars changed hands, the bets being principally on distances. The following is the record of time made:—

\*\*Round.\*\* Aggregate.\*\*

Round. Aggregate.

bone of contention. The democrats of Morris county have applied for a writ of quo warranto to declare the election void in Boonton township. It is alleged that one of the judges named Kanouse took the ballot box home with him at dinner time and retained it in his private room for over a half hour. Again, after the polls had closed and the counting commenced, the odds being unmistakably in favor of the democratic ticket, the judges adjourned for supper and the box was taken to the house of Mr. Spear, the republican candidate for County Clerk, where it was kept for some time out of sight. Upon resuming the canvass straight democratic ballots ceased coming out and all kinds of splits took their places. The democratic believe the box went through the operation of stuffing while it was out of their sight. At any rate, it came out 356 ahead for the republicans, which would be a good sized aggregate vote, it is alleged, for the township. It is also said a much larger number of democratic ballots came to light altogether. To throw out this township as expected, would legally elect the democratic Congressman Pullip Raterry over John Hill, his opponent, by a considerable majority. The democratic State Senator, County Clerk and Sheriif would also be elected.

Incendiaries at Centreville.—Between eleven and twelve o'clock on last Priday night the dwelling of Mr. Moore, on the outskirts of Centreville, was discovered to be on fire, but the flames were soon extinguished. On making an inspection of the premises a large bundle of rags saturated with kerosene was found snugly concealed on the outside of the building. On Sunday night another attempt was made to fire the building, and this time the building was destroyed. The owner and occupant is a poor man, and the object of the incendiary is a mystery.

MESTING OF SUPERVISORS.—The members of the Board of Supervisors of Westchester county assembled at the Court House, White Plains, yesterday, to hold their annual session. W. W. Pierson, clerk of the old Board, called the meeting to order, when bled at the Court House, White Piains, yesterday, to hold their annual session. W. W. Pierson, clerk of the old Board, called the meeting to order, when the following gentlemen representing the several towns answered to their names:—H. D. Robertson, Bedford; Comn S. Brown, Cortland; Edward D. Lawrence, East Chester; Abraham O. Wilson, Greenburg; Edward Willetts, Harrison; Daniel Hunt, Lewisboro; William D. Palmer, Mamaroneck; William Gauldwell, Morrisania; Joe Leggett, Mount Pleasant; Francis M. Carpenter, Newcastie; Lawrence D. Huntington, New Rochelle; James Hopkins, North Castle; Odell Close, North Salem; William E. Lawrence, Ossining; Ben Hegeman, Pelham; David W. Miller, Poundridge; Thomas K. Downing, Rye; Francis Secor, Scarsdale; James W. Bedell, Somers; Abraham Hattleid, Westchester; Fred Grote, West Parms; John D. Gray, White Plains; Ethan Flagg, Yonkers; Joe T. Palmer, Yorktown. On motion the Board proceeded to ballot for a chairman. William Cauldwell, democratic, and Odell Close, republican Iwere nominated. The ballot resulted in layor of the former, who, after being escorted to the chair, made a few remarks, thanking the members for the honor conferred, and expressed his hope and belief that the proceedings would be conducted whin the greatest harmony and satisfaction. He then stated that there were several matters of importance which required special attention: one of them was a communication from the State Comptroller relative to the impebte ness of the county to the State through the defalcation of Henry Willetts, the absconding ex-County Treasurer; and the other was a presentment made by the late Grand Jury of the county in reference to the lack of proper accommodations for prisoners in the County fail. The Board next proceeded to ballot for a clerk to the Board, which resulted in favor of Charles E. Johnson, who took his seat and assumed the duties of his office. The presentment of the Grand Jury was then read and referred to a special committee of five. The Board then adjourned until ten o'clo
